13. Director's report: Grassi shared that the director's report is part of the meeting's new format. If there are any suggestions regarding the format please share those with her. Highlights from the report are as follows:

- April was very busy with performance evaluations. Grassi recognized the hard work of the managers. Employees received their raises on May 1 and staff already have their goals for the next year.
- The staff continues to work improving the library space. Staff is helping to digitize and appropriately destroy paper. Old furniture and equipment is being cleaned out so that there is more space available in the library.
- Grassi stated that the Friends hosted a lunch for the staff and they were very grateful.
- Grassi stated that some patrons that attended the Library's Trivia night shared some positive feedback about how the patron felt safe letting her daughter go to the library alone and she was amazed by the number of wonderful programs available to the community through the library. Grassi shared her gratitude for all of the hard work of the staff. A patron came from out of town with grandchildren and the man was very excited to share the news about the outcome of his library election. He stated that the slate of candidates that supported book banning did not win the election and he was very grateful for that.
- Grassi shared a technology update. This would be an extension of the Library's ILS contract. This contract will come to be reviewed by the Board next month. Grassi stated that the library is locked in at the current rate for the next three years so there won't be an increase in price. This gives time to research future contracts by useability of features and the price.
- Hayes asked about the book banning and withholding funds legislation. Giannoli is supportive of this type of legislation Shaul asked if this was the "Right to Read" legislation and Grassi said yes. Grassi said she will share the article about the legislation.
- Grassi stated that the staff made some slight changes to reformat the circulation statistics. Circulation statistics are back to pre pandemic levels although house visits to the library are still below pre pandemic levels.
- Grassi stated that the Friends of Library approved all funding requests for the library including a new av cart. Staff received new chairs courtesy of the Friends. The library is using a new approach to presenting funding requests to the Friends by presenting all of the possible options so they can choose the projects they would like to support. Shaul asked about a request made to the Friends about new tables for the library. Chapman clarified that there wasn't a quote at that time so no formal request had ever been made. Grassi stated that there are now specs and numbers available to present the request for new tables. Grassi will be presenting this proposal in July.

14. Apr 2023 Financial Reports: Grassi stated that she would like to highlight that there is no balance sheet. At the last meeting, Zaute had questions about the last month's balance sheet. Grassi explained

that the balance report was not a real time report and that Bettina does not use the BSA sheet. The revenue and expenditure report is the best representation of the library's funds. Grassi said the auditor will be invited to attend a board meeting so they can answer questions from trustees regarding the audit report. Hayes said the BSA presents misleading information and he agrees that it should no longer be included in the Board packet. Friedeman asked if the auditor is engaged by the Village. Hayes stated if our operating budget is 1 million an estimated \$250-\$500,000 is put aside for reserve. Grassi stated that there are costs that are still pending including the water heater for \$3,000 and \$8,000-\$9,000 from Murphy and Miller for building maintenance. Grassi said the year to date amount is \$91,637.73 in the fund balance. We are in very good shape compared to last year. There is a salary difference between the director's predecessor and it was a very successful year for revenue from passports. Grassi stated that a priority for this year would be to look at the budget lines and budget appropriately for actual costs. Hayes also stated that the reserve monies instead of being placed in a low yield saving account were placed in a higher interest account generating additional \$20,000. Hayes moved to accept the April revenue and expense report and Shaul seconded; all voted aye.

15. Approval of checks Shaul asked about the Innovative Interfaces check. Grassi explained we are in the last year of contract and this is the cost we would be locked into for the next three years. Shaul clarified that this payment is for a twelve month period. Shaul moved and Hayes seconded a motion to approve checks numbered 15579-15617; all voted aye.

16. Committee Reports (membership shown is as of FY 22-23) :

Finance Committee (CHAIR: Hayes. MEMBERS: Meierhoff and Zaute.) There was not a finance committee meeting so it was removed from the agenda.

Human Resources Committee (CHAIR: Graziano. MEMBERS: Jerch and Shaul.) Graziano reported that the HR committee met and are working on processes and forms for the Director's 6 month and annual review. This year's 6 month review for the Director will be more extensive since it is the Director's first year. Shaul added that the HR committee went into Executive Session and the Finance Committee will also need to go into Executive Session the next time they meet. Graziano reported that the HR committee will have the forms and timeline to present at the next Board meeting in June.

Intergovernmental Committee (MEMBERS: Jerch and Grassi.) Grassi shared that she has a proposal to present at the next IG meeting about a proposal to increase the cleaning contract from 1 day a month to twice weekly. RESOLUTION NO. _2023-05-16-C_ Resolution Adopting Prevailing Wage Rates (action) (3 minutes) Shaul moved to approve and Friedeman seconded; all voted aye. Grassi presented the LB Library FY23-24 Annual Work Plan Draft. Grassi said that we do not currently have a long range plan. Grassi with the managers and staff have compiled a list of objectives and goals that staff are working on and how to evaluate those goals. This is just a draft but can help to make decisions on priorities. Shaul asked what the next steps are to finalize the work plan. Grassi plans to present to managers, what part of the fiscal year and an annual report presented to the board of the annual work plan. Shaul asked if the library has the capacity to accomplish the things on the list and if there is a way to prioritize the list into high, medium and low. Friedeman shared that she has a professional tool that she can share that can help in the creation of a strategic plan. Grassi stated that she has a salary benchmarking proposal that she plans to share and the library is currently updating job descriptions. Grassi also explained that there are community events that Trustees are invited to attend to represent the library. The handout with the dates of these community events from Chapman was shared at the last meeting.

Respectfully Submitted, Jenny Graziano

Administration and Human Resources

- Library employees Claire Osada, Caryn Spanos, and Katie Horner attended Illinois Library Association's Reaching Forward Conference, a full day of professional development for library workers in Illinois. Staff attended presentations on a variety of topics, including reader's advisory, patron privacy, first amendment audits, library statistics, and community engagement.
- Adult Services and Technology Manager Martha O'Hara attended two 1-hour onboarding training presentations to implement new features available through LX Starter, an updated tool now available through the library catalog.
- Library employee Vanessa Howland completed her Masters of Library and Information Science through the University of Illinois' Graduate Program. Congratulations, Vanessa, on this significant accomplishment!
- Library employee Claire Osada expressed interest in becoming a notary for the Library. While this request had been declined in years past, the Library can now financially support her attending the training. The Library has experienced a recent increase in notary requests from local and nearby residents. When Claire has been authorized as a notary, the Library will have 4 staff members on staff to provide notary services to the public.
- For the second summer, library employee Sophia Zar assumed the responsibility of the Library's part time Summer Reading Club Desk Assistant temporarily taking on additional hours to support the program. Thank you, Sophia!
- Staff made changes to Amazon Business account that saves staff time, money and improves staff processes.
- 67 applications processed in May, 2023.
- The Library updated the process of reviewing and improving invoices. Previously, all invoices needed to be reviewed and approved twice—first by the Library Director and then by Bettina O'Connell, Finance Administrator at the Village. With this change, invoices now only have to be approved once by the Library Director, which will significantly reduce staff time in processing invoices and preparing the Check Disbursement Report.

The Library Director gave a congratulatory speech, prizes were distributed to winners, and light refreshments were served. 70 people attended this fun and engaging event.
- A new online calendar was created to streamline the process for Teen Volunteers to sign up for volunteer opportunities and events. Thanks to library staff Regina, Martha, and Eliza for this great process improvement!

CMM1: Public Comment Policy

The Board of Trustees of the Lake Bluff Public Library welcomes public comment.

The [Illinois Open Meetings Act](#) provides in Section 2.06 that at meetings of public bodies, “any person shall be permitted an opportunity to address public officials under the rules established and recorded by the public body”—5 ILCS 120/2.06(g). In compliance with the act, the Lake Bluff Public Library Board of Trustees has adopted this policy to provide the following rules and guidelines for public participation at its meetings.

Individuals attending Board meetings must conduct themselves with respect and civility toward others. Abusive, profane, threatening, or harassing language and/or personal attacks will not be permitted. The Library Board President or presiding officer may prohibit further comment at the meeting by a speaker whose remarks violate this rule.

Public comments may be provided in one of the following ways:

- In person at a Board meeting;
- As an email to the Library Executive Director and to the Library Board President sent by 4:30 pm on the date of the meeting; or
- As a submission through writing received by 4:30 pm on the date of the meeting.

Guidelines

- Public comments are permitted during the time designated on the Library Board Agenda unless otherwise directed by the Library Board President.
- The public comment section will not exceed 30 minutes, except with the consent of the Board of Trustees.
- Speakers will sign in prior to the start of the meeting. The Library Board President determines the order in which speakers will be recognized.

Hosting Services

The following terms apply to the extent you have purchased hosting services from Clarivate for one or more of the Covered Products.

Service availability

We endeavor to ensure 99.9% availability of our software and make commercially reasonable efforts to schedule maintenance and system upgrades during the weekends or outside regular business hours (i.e. after regular end of business Pacific Time and before start of business Eastern Time) with reasonable notice. Availability is calculated by dividing the number of minutes the software was available during the Measured Period by the total sum of the minutes in the Measured Period less any Excluded Downtime.

For the purposes of this calculation, (i) the Measured Period is a calendar year and (ii) the Excluded Downtime includes scheduled downtime for system maintenance and release updates, as well as any service unavailability attributable to your breach, any actions or omissions by you or your users, causes beyond our control, or separate instances of unavailability of less than 5 (five) minutes duration each, provided such instances are not of a persistent nature.

If availability falls below 99.9% in a month for three consecutive months, you will be entitled to a credit equal to the prorated amount of the fees for hosting services for any time during such three-month period in which the software was unavailable (other than Excluded Downtime). This credit will be your exclusive remedy for such unavailability.

We take reasonable and appropriate administrative, technical and physical measures to protect the confidentiality, integrity and availability of your data; however, security and compliance is a shared responsibility between you and Clarivate. Our responsibilities are described below. You should take into consideration any special configurations or third-party applications and your responsibilities depending on any applicable laws and regulations.

- The analyst will calculate one competitive base pay structure based on an analysis of the marketplace as obtained from available surveys.
- The analyst will conduct an analysis of the organization's current pay levels and costs associated with implementing the proposed structure.
- If requested, the analyst will review the exemption status of each position under the Illinois Minimum Wage Law and the federal Fair Labor Standards Act.

Timeline*

Below is a proposed timetable. Should the Lake Bluff Public Library agree to move forward with this project, a mutually agreeable timetable may be developed after the signed Letter of Agreement is received by HR Source.

*There will likely be several weeks and/or months before the project can begin depending on the number of projects in-house. If you wish to move forward, we recommend returning a fully executed service agreement as soon as possible in order to secure a place in our work queue.

Investment

The scope of the project represents all time and activities involved in the market benchmarking study.

Up to 12 positions (Member Rate) \$3,420.00

To be eligible for member rates, an organization must be a member during the entire course of the project.

Project costs are based on the approximate number of jobs in the study as provided. After the project has begun, changes to the methodology or organizational demographics may result in additional fees. Once the competitive pay structure and pay grade assignments have been approved by the member/client, HR source will finalize all project documents. Any requests for changes once the project documents have been finalized will be subject to an hourly rate of \$200/hour. The costs and conditions set forth are valid for a period of ninety (90) days.

This estimate does not include the cost of obtaining industry specific survey data for sources other than those currently available to HR Source. Should a charge for survey data be applicable, HR Source will contact the Lake Bluff Public Library for written authorization prior to proceeding.

**MEMO RE: SELECTION OF LIBRARY MATERIALS AND ELIGIBILITY FOR
STATE GRANTS**

P.A. 103-0100 EFFECTIVE 1/2/24

TO: Public Library Clients

FROM: Roger Ritzman
Mark Ritzman

DATE: June 16, 2023

This Memo confirms that, via P.A. 103-0100 effective 1/1/24 (copy attached), the Illinois Library Systems Act (75 ILCS 10/1 et. seq.) was amended.

The amendments made by P.A. 103-0100 include the following:

A. A statement of policy, i.e.:

It is further declared to be the policy of the State to encourage and protect the freedom of libraries and library systems to acquire materials without external limitation and to be protected against attempts to ban, remove, or otherwise restrict access to books or other materials.

- B. A directive to the State Librarian and Illinois State Library staff to establish rules and regulations designed to achieve certain standards and objectives including:

Adopt the American Library Association's Library Bill of Rights that indicates materials should not be proscribed or removed because of partisan or doctrinal disapproval or, in the alternative, develop a written statement declaring the inherent authority of the library or library system to provide an adequate collection of books and other materials sufficient in size and varied in kind and subject matter to satisfy the library needs of the people of this state and prohibit the practice of banning specific books or resources.

- C. A requirement for eligibility for State grants, i.e.:

In order to be eligible for State grants, a library or library system shall adopt the American Library Association's Library Bill of Rights that indicates materials should not be proscribed or removed because of partisan or doctrinal disapproval or, in the alternative, develop a written statement prohibiting the practice of banning books or other materials within the library or library system.

Attached simply for easy reference is ALA's Library Bill of Rights.

Notes:

1. As noted above, P.A. 103-0100 is effective 1/1/24.
2. In the coming weeks/months, the State Librarian/Illinois State Library staff may promulgate "rules and regulations" relevant to implementation of P.A. 103-0100.
3. Eligibility for State grants can be satisfied by:

Adopting the American Library Association's Library Bill of Rights that indicates materials should not be proscribed or removed because of partisan or doctrinal disapproval or, in the alternative, develop a written statement prohibiting the practice of banning books or other materials within the library.

Your material selection policy already may be complaint via adoption of the ALA Bill of Rights.

Library Bill of Rights

The American Library Association affirms that all libraries are forums for information and ideas, and that the following basic policies should guide their services.

- I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.
- II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.
- III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.
- IV. Libraries should cooperate with all persons and groups concerned with resisting abridgment of free expression and free access to ideas.
- V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.
- VI. Libraries which make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.
- VII. All people, regardless of origin, age, background, or views, possess a right to privacy and confidentiality in their library use. Libraries should advocate for, educate about, and protect people's privacy, safeguarding all library use data, including personally identifiable information.

Adopted June 19, 1939, by the ALA Council; amended October 14, 1944; June 18, 1948; February 2, 1961; June 27, 1967; January 23, 1980; January 29, 2019.

Inclusion of "age" reaffirmed January 23, 1996.

Although the Articles of the *Library Bill of Rights* are unambiguous statements of basic principles that should govern the service of all libraries, questions do arise concerning application of these principles to specific library practices. See the documents designated by the Intellectual Freedom Committee as Interpretations of the Library Bill of Rights (<http://www.ala.org/advocacy/intfreedom/librarybill/interpretations>).

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois,

changing Sections 1 and 3 and by adding Section 8.7 as follows:

(75 ILCS 10/1) (from Ch. 81, par. 111)

encourage the improvement of free public libraries and to
encourage cooperation among all types of libraries in
promoting the sharing of library resources, including digital
resources. In keeping with this policy, provision is hereby
made for a program of state grants designed to establish,
develop and operate a network of library systems covering the
entire state.

It is further declared to be the policy of the State to
encourage and protect the freedom of libraries and library
systems to acquire materials without external limitation and
to be protected against attempts to ban, remove, or otherwise
restrict access to books or other materials.

the alternative, develop a written statement declaring the
inherent authority of the library or library system to provide
an adequate collection stock of books and other materials
sufficient in size and varied in kind and subject matter to
satisfy the library needs of the people of this state and

funds.

I promote the full utilization of local pride,

at the same time employ state aid as a supplement to local
support.

The Advisory Committee of the Illinois State Library shall
confer with, advise and make recommendations to the State
Librarian regarding any matter under this Act and particularly
with reference to the formation of library systems.

eligible for State grants, a library or library system shall
adopt the American Library Association's Library Bill of
Rights that indicates materials should not be proscribed or

Schedule of Day:

- **8:30-9:15am:** Participants are welcome to meet at LB Library for light breakfast items.

- **10am:** Walk the parade (Walking the parade takes 30-45 minutes).
Our portion of walking the parade does not take very long but the whole parade is about an hour and a half, getting out of Lake Bluff can be tricky before 12pm.
